Dear Dr Habibi,
In line with the request by many partners to enhance the visibility of western region humanitarian issues, we are happy to consider your ongoing work on winter IDPs identification, response, challenges and gaps. Ideas open to any humanitarian story worth telling for consideration in the Afghanistan Monthly Humanitarian Bulletin. Two photos supporting the work will be appreciated.

We will review submissions and inputs for consideration for our reporting team for consideration. Priority is to demonstrate some of the humanitarian challenges we are facing in WR, showing our work, challenges and gaps also important. Counting on your usual and dependable support, many thanks and regards,
